## The Blockchain Solution for the Global Dental Industry

*Sick Care is the crisis of the 21st century.*

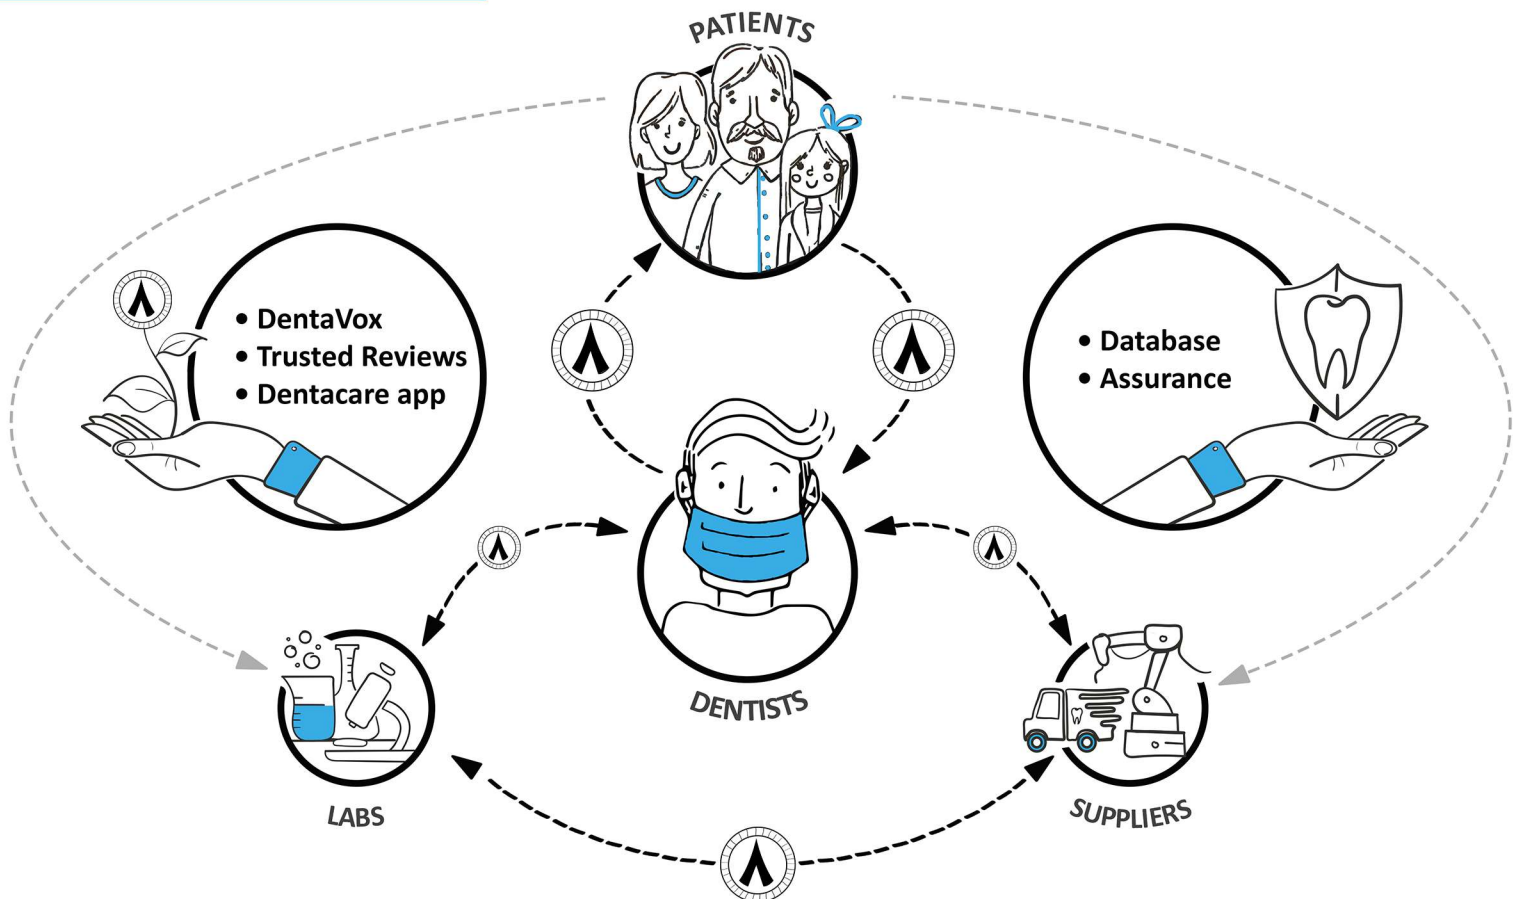

**2,200+ dentists** are shifting the paradigm towards a Health system that Cares.

Harnessing the synergies of a unique dental cryptocurrency, a prevention-focused dental Assurance and a set of dedicated Blockchain apps to improve long-term health, reduce costs and pain and favor all industry stakeholders.

*“Dentacoin could shift the paradigm from “drill and fill” dentistry to a prevention-focused approach.”*  
**Dr. Max Ganhewa, Dentist at Dental on Flinders, Melbourne (Australia)**

### Dentacoin Ecosystem

# DENTACOIN CURRENCY

## “The Bitcoin of Dentistry”

Every new member of the Dentacoin Community leads to an increase of DCN value (“network effect”) - i.e. the more people use DCN, the higher its value grows.

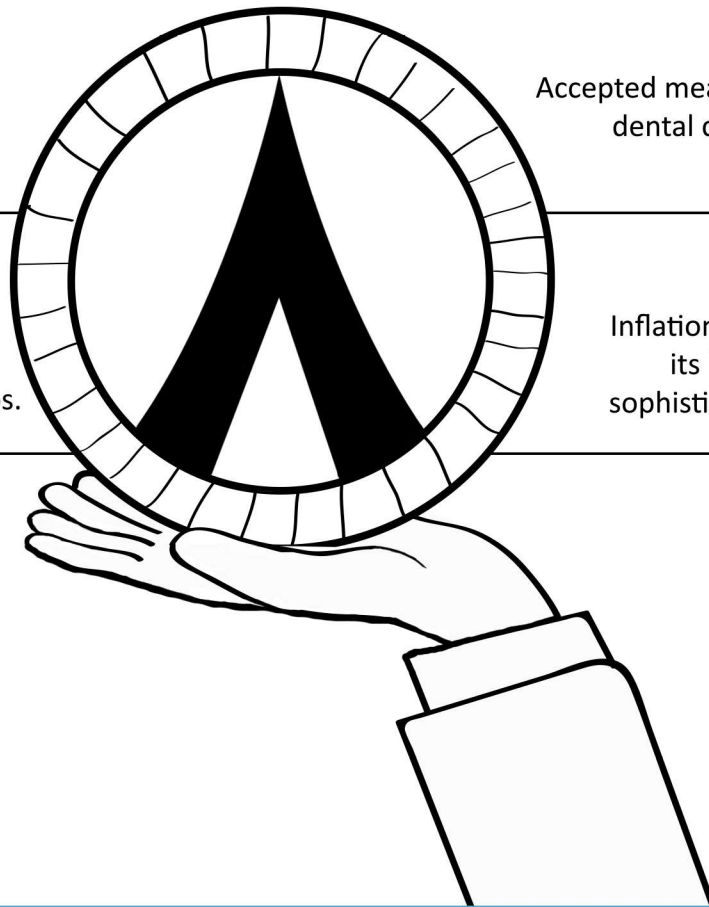

*“Dentacoin is not just a cryptocurrency, it is a global network which provides both health and financial benefits.”*  
Dr. Wesam Alani, Aura Family Dentistry, Simi Valley (CA, USA)

Ethereum-based utility token, exchangeable to other crypto and traditional currencies.

Accepted means of payment in dental clinics, labs, shops in 39 countries.

Fuels the Dentacoin Ecosystem; used as an incentive on all Dentacoin Apps.

Inflation-protected due to its limited supply and sophisticated distribution.

## Bringing Patients Back Into Focus

Securely connected through our Blockchain-based software tools, Dentists and Patients are empowered to generate real value, exchange information and thus improve global dentistry.

*"Dentacoin has the potential to change the relationship between patients and doctors."*  
**Dr. David Janash, Owner of Park South Dentistry, Group Health Dental, Gramercy Dental Center (NYC, USA)**

*"The ability for the laboratory to easily/securely access patient data will help them better understand the patient's oral condition."*  
**Ray Alde, CEO of Arklign (San Jose, CA, USA)**
